The Academy of Medicine of Cleveland and Northern Ohio

The Northern Ohio community benefits greatly from this yearly summertime event. Proceeds help fund local educational programs (including medical school scholarships) and help physicians and the patients they serve achieve better health outcomes through the implementation of new initiatives, plus so much more.

So do your part! Tee up and help continue the tradition of excellent health care in our region!

The Academy of Medicine Education Foundation (AMEF) was established for charitable, educational and scientific purposes.

The purpose of the AMEF is to add a charitable component to the AMCNO and position the Academy as a viable resource dedicated to the improvement of health care through education. The AMEF enhances the philosophy of the AMCNO in its focus on healthcare-oriented education for physicians, their staff and patients by providing support for meaningful education and highlighting the value and quality of health care.

Call 216-520-1000 with any questions.
